

About us:

- The history of Real Palace's architectural creations began in 2011, and since then, it has completed 12 successful projects in Tbilisi and Batumi.
- Our company aims to create real estate that enhances the beauty of the city, the environment, and the country. Our architecture decorates people's lives in every way.
- We create real estate that will benefit you in every way.

About the project

- Alto is a 20-story, premium class modern residential complex that combines outstanding comfort and design focused on modern details, while offering an elevated lifestyle.
- Located in Didi Dighomi, where are all the conditions for a comfortable life: universities, schools, kindergartens, shopping centers.
- The building is a model of modern architecture, with classical shapes, colors and an illuminated facade. Alto expresses architectural excellence and a high standard of living that enhances the lives of people, the country and the environment.
